9975703784 | pallavigadegone7194@gmail.com | Pune, Maharashtra

Summary

Aspiring software developer with a strong passion for crafting elegant and efficient solutions. Eager to contribute my technical knowledge to real-world projects, I bring strong problem-solving skills and thrive in a team-based environment.

Technical skills

Java, Python, Android, PHP, HTML5, CSS3, MySQL, Firebase

Soft skills

Ability to learn quickly, Decision-making, Multitasking, and Team player.

Projects

Farmer's online shop

- Develop a system to facilitate direct transactions between farmers and customers, eliminating intermediaries. The platform will empower farmers to sell their products directly to customers.
- Frontend: HTML, CSS, JavaScript
- Backend: Java
- Database: MySQL

Uttarakhand tourism

- Develop a user-friendly website to assist offline customers, who may not be familiar with popular tourist destinations, in exploring and planning their tours. The platform will provide information on tourist places, along with hotel and homestay facilities.
- Frontend: HTML, CSS, JavaScript
- Backend: Php
- Database: MySQL

Toy World - Android Application

- Develop an application with a concept similar to OLX, where users can easily find and exchange second-hand toys based on their location without any monetary transactions. The platform enables users to both upload and receive toys.
- User Interfaces: XML
- Backend: Java
- Database: Firebase

Education

Master of computer Application (MCA)

2021-2023

Institute of Industrial and Computer Management and Research Pune. (70%)

Bachelor of computer science
